[5] Pricing shown is pre-tax and reflects the total price of the complete holiday assortment as shown, purchased in full, divided by 16 guests. Per-person cost is calculated by dividing the total assortment price by 16 and does not represent the price of items purchased individually or à la carte, which are priced separately. The per-person figure is based on average expected product weights and serving yields. Because several items are sold by weight, actual product weights and total price may vary. Actual cost per person, total price, product weights, availability, portion sizes, and serving yields may vary by club. Substitutions may apply where a listed item is unavailable. Suggested serving yields are estimates and do not imply that every individual will receive a full serving of every listed item. This offer assumes the complete assortment show.
